Mr. Rob Nation
EMAC Recording Studios
432 Rectory St.
London, ON
N5W 3W4

I have worked with Rob Nation and the staff at EMAC for more than 20 years. Their professionalism, from acquiring talent to recording and laying down a soundtrack, is impeccable. Combine that with the light and congenial atmosphere of the studio, and you get an enjoyable experience every time you work there.

We recently won a first place award at the 2009 Canadian Agri-Marketing Awards for a TV commercial for our client, Pioneer Hi-Bred. In working with EMAC on this project, it was apparent that they embraced the concept, and delivered a soundtrack that made it far more powerful in the end. It was just great work, and fun collaborating with them!

David Bannister
