All,

We just received the call from Cannes -- and "Sicko" has been selected to play in the main program as an "Official Selection" of this year's Cannes Film Festival!!

Congratulations to all of you! "Sicko" will play out of competition per my request. In addition, as this is the 60th anniversary of the festival, I have been asked to join all the living Palme d'Or winners on the stage on Sunday night, May 20, for the anniversary ceremony. They will let us know which date they will screen "Sicko" later today.

This is a huge honor and a wonderful testimony to all of the hard work and talent each of you have contributed to this movie. And personally, I want to say, I have enjoyed this experience with you in a very special way. This film has a huge heart -- and that is only so because of each and every one of you. Thank you, from the bottom of MY heart.
